Activity Dossier

2018-19

Name of the Child	
Class and Section	

Message from the Principal

Dear Parent(s)

Our endeavour at DPS, Siddharth Vihar is to prepare and inspire our students to be original thinkers, inventive doers, risk takers and agents of change for the world. Our mission entails designing opportunities and learning environment conducive to achieving our vision. Our curriculum is comprehensive, supported by a system of instruction that encourages children to be logical, analytical, creative and communicative.

This Activity Dossier will offer you a glimpse into the exciting learning plan for the session 2018-19. This handbook is an outline of the activities, important dates, examination calendar and other learning opportunities planned for this session. Our team of teachers have together developed creative teaching learning ideas and put them together in this manual. We emphasize that you study the document carefully and apprise yourself of the curriculum plan and course of action for this year.

Since we are preparing our students to address the current and future global issues, we have selected the theme of this year to be 'UN Sustainable Development Goals 2017', The Sustainable Development Goals (SDGs) are 17 goals defined by the United Nations to tackle the world's biggest problems by 2030. Students will explore various dimensions of these goals along with taking actions to contribute in achieving the target of these goals.

You may please note that although this document has been created to offer transparency in the teaching learning process, the dates may vary subject to unexpected factors. This document offers the outline of the scholastic and co-scholastic activities. The scope of this document does incorporate some flexibility depending on the new developments in the field of education.

We believe that our achievements will escalate in the coming years by the continued—and growing—involvement of parents like you. Your support means the school will continue to move forward and set new standards in research, teaching and engagement with the world.

I request you to get to know us more by exploring our website www.dpssv.in. Help us improve by sharing your much valued feedback.

kindest regards

PRINCIPAL
